

Meeting: Communities Sub-Committee

Date: 22 November 2006

Title: Waste Management

Author: Joanne Holmes Tel: 2329/2506

Service: Legal and Democratic Services

Directorate: Organisational Improvement

Wards affected: all

1. Purpose of Report

To provide an update on the review of Waste Management.

2. Recommendations

It is recommended that the Sub-committee note the report.

3. Details

At the last meeting of the Communities Sub-committee Members considered information provided by officers in relation to the Waste Management Contract, and received a presentation from Mr Alan Fidler on behalf of the NoToLandfill Campaign.

At this meeting the Sub-committee agreed that it had examined the waste management contract in significant detail and should now consider the current position in relation to the contract and how to move forward at the next meeting in November.

Officers are due to provide further information to the sub-committee covering: the current position; what the Council is doing to deal with the situation as it currently stands; and what the options are for the future.

4. Background Information

The following background papers and research reports have been used in the compilation of these reports and are available for inspection at the offices of the author.
