About you and your organisation

1. Name of Group/Organisation *

Justice Prince CIC

2. Main Contact Name

*

Julie Cruddas

3. Telephone/Contact Number *

[REDACTED]

4. Email address *

[REDACTED]

5. Group or Contact Address *

Oxford Centre, West Farm Avenue, Longbenton, Newcastle NE12 8LT

Eligibility

6. Which legal structure best describes your organisation? *

Voluntary and Community Organisation

Constituted Group or Club

Registered Charity

Charitable Incorporated Organisation (CIO)

Not-for-profit Company

Community Interest Company (CIC)

7. Date Established - (DD/MM/YYYY) *

6th March 2002

8. Charity Number if applicable *

n/a

9.

Do you have 3 or more people on your board who are not related? *

Yes

No

N/A

10. Do you have all relevant policies and procedures in place? I.E Health & Safety *

Yes

No

11. Appropriate insurance in place? E.G Public Liability *

Yes

No

12. Is your organisation/group already active in the Community Partnership area?

Wards of Camperdown - Longbenton - Weetslade *

Yes

No

Tell us About The Project You Wish to Fund

13. Please give an overview of this project. Describe what capital work you would like to achieve. Word limit - 300 words. *

Justice Prince CIC hold a 40 year lease on 0.18 hectares of allotment land located in the heart of Longbenton.

We have recently transformed the community garden with a capital grant through the UKSP, works included felling dangerous dead trees, installing a new polytunnel, pathway, raised beds and connecting our solar energy to the northern power grid which means we can use our modular all year round. The capital works has increased our capacity to work with those who have a physical disability.

We want to continue to improve our offer on the community garden. Maintenance is always a challenge as we don't have enough equipment to effectively manage the site. We would like to purchase capital items which include two strimmer's, one grass cutter, one long reach head trimmer, 2 wheel barrows, 4 spades, 4 shovels, 4 rakes and 8 water soakers to enable us to water our fruit orchard. We would also like to purchase 10 water butts.

We would also like to build new potting benches around the newly installed polytunnel to ensure children and those who are disabled can access the benches with ease. Our current benches are old and to high for children and those in wheel chairs.

We would also like to increase the raised beds to extend along the newly installed pathway, this will be our "sensory walk" we will plant a range of flowers, shrubs and herbs that will attract bees, butterflies and other wildlife to the garden. This will increase our bio-diversity on site.

14. Which Ward will this project benefit? *

Camperdown

Longbenton

Weetslade

15. Do you require Landlord permission to complete the work? *

Yes

No

N/A

16. Has Permission been granted? *

Yes

No

N/A

17. How Much Funding are you applying for? *

£18,500.00

18. Any single piece of work over £10K requires 3 quotes from different suppliers. *

Can you please confirm you have this or will be prepared to obtain.

Yes

No

N/A

19. Have you received any other funding towards this project?

Please give details below *

Not for this phase.

20.

Who will benefit from this work? Min 200 words

*

Residents living on Longbenton estate will be the beneficiaries, those suffering greatest socio-economic health inequalities who are typically in poor health and furthest away from the labour market.

The community garden offers a safe place to visit and enjoy a range of activities from simply meeting other people in a social capacity to planting seeds to other gardening activities such as supporting the overall maintenance of the garden.

We work with Balliol Primary school offering children weekly sessions, the children will massively benefit from our new improved offer on site, we will engage the school in planting our sensory walk along the newly installed path making access and egress far safer than before.

Because there is a range of activities including arts and crafts on site, we will engage a large cross sector of the community and hoping to increase our ethnic diversity as a result UKSP funding.

21. What impact do you think your project will have on the wider community? Min 200 words *

We will increase our offer to local people living in Longbenton, particularly those suffering greatest financial hardship and those suffering poor physical and mental health. We will also be able to improve our training and development on site, in particular, working with the award winning Working Roots programme. We currently provide training to vulnerable young people at risk of becoming NEET who would really benefit from using new equipment and being part of the development on site.

Residents will enjoy a safe, inclusive stimulating environment where local people can thrive instead of people merely surviving the daily grind. New friendships will emerge, as trust builds, new and exciting initiatives will be developed on site, such as community cooking using produce grown and harvested on site. This longer term will improve peoples knowledge of healthy eating, reduce their food budget and of course, will increase daily physical exercise.
